Health Insurance for all Workers...

As part of our desire to be good stewards of the funds entrusted to us – and to keep our costs as reasonable as possible – Camp Barakel has implemented the following health and accident insurance plan:

When one of our workers **is covered** by their family health insurance policy for an accident or illness occurring while at Barakel, the benefits of that policy apply.

When a worker **is not covered** by any other health insurance policy while at Barakel, the camp will provide limited coverage in case of accident or illness. This plan provides emergency medical services to treat an injury or illness occurring at Barakel up to a maximum amount of \$2,000. *NOTE: This secondary plan is not a supplemental plan to your own policy. It is not intended to pick up deductibles or co-pays from your own coverage.*

Addendum for Kitchen Workers only...

Michigan Food Law of 2000 has determined that with appropriate steps the transmission of foodborne illness can be greatly lessened. Please read this information, carefully answering all questions. Your understanding of these symptoms as well as your voluntary exemption from work when the following symptoms are present are required by law and will enhance the health safety of those we serve here at Camp Barakel. All information will be held in strictest confidence.
